SUMMARY

I am a web developer with a year and a half of experience. I excel in creating dynamic and responsive applications. My passion for problem-solving and constant motivation has allowed me to tackle various challenges throughout my academic and professional journey. I particularly enjoy collaborative work within teams, where I can contribute positively and continue learning. Currently seeking new opportunities, I am motivated by the idea of contributing to stimulating projects and continuing to grow professionally.

SKILLS

Development Languages and Frameworks: ReactJs, Angular, NodeJs, ExpressJS, Gatsby, NextJs, SCSS, MaterialUI, Bootstrap, Tailwind CSS, Laravel, Python.

Modeling and Design Methodologies: UML, Agile Methodologies (Scrum), Design Pattern (MVC).

Web Services: RestAPI, GraphQL.

Databases: MySQL, MongoDB, PostgreSQL.

Continuous Integration: Git, Github, GitLab, Hostinger.
